Presentation to Investors & Analysts | 28 July 2017

Results for H1 and Q2 2017

This presentation may contain projections concerning the financial situation and results of the activities and business lines of Amundi. The figures given do not constitute a “forecast” as defined in Article 2.10 of Commission Regulation (EC) No. 809/2004 of 29 April 2004.

These projections and forecasts are based on opinions and current assumptions regarding future events. No guarantee can be given regarding the achievement of these projections and forecasts, which are subject to inherent risks, uncertainties and assumptions related to Amundi, its subsidiaries and its investments, the development of its activities, sectoral trends, future investments and acquisitions, changes in the economic environment or in Amundi’s major local markets, competition and regulations. Given the uncertainty over whether these events will come to pass, their outcome may prove different than currently predicted, which may significantly affect expected results. The reader should take these risks and uncertainties into consideration before forming their own opinion. Management does not under any circumstances undertake to update or revise any of these projections and forecasts. No information contained in this presentation should be taken as an earnings forecast.

The figures given for the three-month and six-month periods ending 30 June 2017 have been prepared in accordance with IFRS accounting standards as adopted by the European Union and applicable as of this date.

The information contained in this presentation, to the extent that it relates to parties other than Amundi or comes from external sources, has not been independently verified, and no representation or warranty has been expressed as to, nor should any reliance be placed on, the fairness, accuracy, correctness or completeness of the information or opinions contained herein. Neither Amundi nor its representatives can be held liable for any negligence or loss that may result from the use of this presentation or its contents, or anything related to them, or any document or information to which the presentation may refer.
