Say on Pay (2/3): Resolution No. 5 : CEO Remuneration due for 2017

During the meeting of 8 February 2018, the Board of Directors, on the recommendation of the Compensation Committee, noted that all economic objectives for 2017 had been significantly exceeded and, on this basis, set the CEO’s variable compensation. The overall rate of attainment was 125%; 125.3% on the economic criteria and 124.7% on the other criteria. The rate of achievement of the economic targets is broken down as follows:

- 128.7% for the Amundi criteria;
- 117.3% for the Crédit Agricole S.A. criteria.

Despite the objectives having been exceeded, in application of the CRD IV regulations, the Board limited the variable compensation to twice the fixed compensation, i.e. an amount of €1,720,000.

The evolution of CEO compensation is directly linked to the economic performance of Amundi and the value creation for shareholders.
