Amundi launches a 500 million euros share buyback programme

Paris, 4 February 2026

As announced during the publication of its 2025 annual results, Amundi announces today the launch of a 500 million euros share buyback programme.

Amundi has mandated an independent investment services provider to carry out the share buyback programme on its behalf, for a total amount of €500 million (accounting for circa 3.1% of Amundi's share capital at current price levels). The buyback programme will start on 4 February 2026 and end no later than 26 January 2027. The shares will be acquired on the open market and subsequently cancelled in order to reduce Amundi's share capital.

The buyback programme will focus exclusively on Amundi shares admitted to trading on the regulated market of Euronext Paris under the ISIN code FR0004125920. Purchases will be carried out in compliance with the provisions set out in the Commission Delegated Regulation (EU) 2016/1052 of 8 March 2016 supplementing Regulation (EU) n° 596/2014 of the European Parliament and the Council with regulatory technical standards for the conditions applicable to buy-back programmes and stabilisation measures.

This programme, which has obtained the European Central Bank's approval, is carried out under the authorisation granted by the General Meeting of 27 May 2025 and under the buyback programme described in Chapter 4 (pages 287-288) of Amundi's 2024 Universal Registration Document filed on 16 April 2025 with the *Autorité des marchés financiers* under filing number D.25-0272, available on Amundi's website: <https://about.amundi.com/regulated-information>. Any change to the share buyback programme's characteristics during its execution will be the subject of a communication pursuant to item II of Article 241-2 of the General Regulation of the French *Autorité des marchés financiers*. It should be noted that Amundi intends to submit a proposal to shareholders at its next General Meeting in order to renew the authorisation granted on 27 May 2025 under the same terms and conditions. Subject to its adoption by shareholders, share purchases carried out under the share buyback programme will, as from that date, be conducted in accordance with the renewed authorisation and under the programme described in the 2025 Universal Registration Document.

The Company will publish and disclose information relating to the execution of this programme in accordance with applicable legal and regulatory provisions.

It is reminded that Amundi already held 1,631,846 of its own shares as of 31 December 2025 under the liquidity contract entered into with Kepler Cheuvreux and as part of previous share buyback programmes. Such shares are not intended to be affected by this buyback programme.
